Featuring Iberian Peninsula

Spain

Globelink Uniexco, with a rich history dating back to 1966, was the first maritime cargo consolidation company in Spain with 54 years of experience in the field of cargo exports and imports. We currently have offices in 4 locations locally:

- Barcelona (Country Head office)
- Valencia
- Madrid
- Bilbao

With Madrid as its Capital city, Spain shares the Iberian Peninsula with Portugal at the western end of the Mediterranean Sea and is the fourth largest country in Europe. The strategic location of Spain in the southwest of Europe and only 14 km away from the African continent makes it a good gateway for Africa and America. Barcelona is therefore an ideal transshipment hub for all main Mediterranean, North Africa, Central and South America destinations.

With Spanish being the second most naively spoken language in the world and widely spoken in Latin America, it also puts Spain at an advantageous position for business with Central and South America. Culturally, Spain is a Western country but due to the great strength of its Roman heritage in almost every aspect of Spanish life, Spain maintains its special identification with Latin America with economic and technical cooperation programs and cultural exchanges, both bilaterally and within the EU.

Globelink Uniexco is Authorised Economic Operator certified since October 2010, and is also an IATA member and FIATA since 1972.

COMPREHENSIVE SERVICE COVERAGE

Globelink Uniexco is ready to offer customers international sea freight, air freight and other logistics services between Spain and any part of the world.

We also maintain regular LTL cargo services by trucks, linking main cargo hubs and facilitating expedient transshipment as illustrated below:

- Twice weekly trucks linking Porto and Lisbon in Portugal with Barcelona
- Weekly trucks linking Lyon and Marseille in Southern France region with Barcelona

NICHE TRADE LANES:

In addition, we also offer services to niche destinations, as well as from niche origins as below:

For Export:

- Barcelona to Abidjan
- Barcelona to Dakar
- Barcelona to Guatemala City
- Barcelona to Guayaquil
- Barcelona to Iquique
- Barcelona to Oran

For Import:

- Ho Chi Minh to Barcelona
- Haiphong to Barcelona
- Manila to Barcelona
- Jakarta to Barcelona
- Fuzhou to Barcelona
- Chittagong to Barcelona
- Shanghai/Ningbo/ Shenzhen to Algeiras

IT CAPABILITIES THROUGH THE WEB PAGE

Globelink Uniexco's website seeks to provide the right tools to offer our customers more convenient LCL solutions.

Our IT capabilities through the website include:

- Comprehensive Track and Trace system
- LCL quotation tool, schedules, retrieving HBL and invoices

The Track and Trace system allows full traceability of export operations, from origin to destination, and ensures the safe delivery of your cargo. Customers will be able to access pictures of their cargo after it has been delivered into our warehouse, and also able to inform if the end user has removed the goods from the destination warehouse. These unique features distinguish Globelink Uniexco as the market leader at the forefront of technology development amongst the maritime neutral consolidators in Spain.

The LCL quotation tool allows forwarders to obtain a quick, accurate and customized quotation for any Import or Export service. Users can customize the quotations with their company logo and include any other information they require such as sailing schedules, LCL rates and contact details of agents/Globelink offices. This customized quotation can then be passed on directly to the final client.

- For Export service, the tool is also able to provide a fast door (Ex-works) quotation online. Forwarders can then make bookings online and receive shipping instructions and confirmation directly via email.
- For Import service, forwarders can also obtain a schedule with information on the devanning/stripping of the container and pictures for each cargo.

Portugal

Globelink Portugal, was constituted in May 2010. With a team of employees with recognized merits and mentality of work, Globelink Portugal is geared towards improved service delivery to customers. We currently have 2 offices in Portugal:

Portugal Globelink offices

- Porto/Leixoes
- Lisbon

Lisbon the capital and biggest city in Portugal, is the economic and financial center of Portugal. The city and its port lie in the Western Iberian Peninsula, between the River Tagus and the Atlantic Ocean. A natural port and located strategically on the world's major trade routes, the Port of Lisbon plays an important role in linking the Mediterranean region with North and Central Europe.

Globelink Portugal offers direct export consolidation to New York, Singapore, Hong Kong, Dubai, Santos, Luanda, Maputo and Shanghai as well as direct import consolidation services from Hong Kong, Shanghai, Ningbo, Singapore, & Nhava Sheva.

Additionally, Globelink Portugal owns two CFS -- a 5000 sqm CFS in Porto and a 6000 sqm CFS in Lisbon. To efficiently handle inbound and outbound cargoes, our CFS includes special facilities which include 1.5 ton forklifts and 3-ton weighing scales that meets requirements for SOLAS VGM. Globelink Portugal is the only global NVOCC in Portugal operating in an AEO warehouse, offering our customers an enhanced confidence in the processes of handling of their shipments.

COMPREHENSIVE SERVICE COVERAGE

Lisbon is one of the most important transshipment hubs for the African and South American markets. Globelink Portugal also maintain regular LTL cargo services by trucks, linking main cargo hubs and facilitating expedient transshipment as illustrated below:

- Twice weekly trucks linking Porto and Lisbon in Portugal with Barcelona and Valencia

This comprehensive trade lane coverage, operated at Barcelona and Valencia by Globelink Uniexco, serves as efficient and competitive gateways for both import and export traffic of Portugal.

NICHE TRADE LANES
