Globelink Uniexco Spain Celebrates 50th Anniversary!

To commemorate its momentous Golden Anniversary milestone, Globelink Uniexco hosted a celebration on 8th July at Barcelona's Miramar Hotel and the event was attended by guests from Globelink HQ, Globelink offices and agents from all over the world.

Globelink Uniexco founder Mr Joaquim Pueyo and CEO Ms Silvia Pueyo presided over this celebration together with Mr. CW Tan and Mr. Daniel Tok, Executive Chairman and Group CEO respectively, who came all the way from Singapore to be in attendance. Various heads and senior representatives of the Globelink Group from various countries, customers and business associates also joined in the celebration.

During the event, Mr Joaquim Pueyo thanked all staff for their hard work and dedication over the 50 years. Globelink Uniexco started as a freight forwarding company, back in 1966 under the name of Uniexco.

Today, the company has become a major worldwide wholesaler and consolidator in Spain.

In 2006, Uniexco reached an agreement with the CWT Globelink group and strengthen its presence in the global stage.

The Group has more than one hundred offices around the world. The Group's transportation services link over 1.600 ports worldwide. Thanks to this extensive network, Globelink Uniexco offers more than a hundred direct services, for exports and imports, to five continents.

"Everyone can sell but very few is able to reach or achieve value-added selling". This is precisely one of the factors that explains the success of Globelink Uniexco in the past 50 years. In addition, the commitment for technology is another important factor that has allowed Globelink Uniexco to become one of Spain's leading NVOCCs.

This celebration was also attended by Mr. Sixte Cambra, President of the Barcelona Port Authority who said that "this anniversary is an important milestone" and also pointed out that "clear concepts, vision and ability are the ingredients that have permitted Globelink Uniexco to reach a good position and relevance in the market"

"The Port of Barcelona and Globelink Uniexco, we both share a common strategy: be a new voice in a global context", concluded Mr. Sixte Cambra.
