Official Opening of Globelink Thailand

Globelink Thailand recently hosted a very successful grand opening of their office and the celebration commenced with the ribbon cutting ceremony, which was graced by Mr. CW Tan (Executive Chairman) and Mr. Daniel Tok (Group CEO) of Globelink Group. A corporate plaque was presented to Mr. Vichai K. Watana (MD of Globelink Thailand) to welcome the company for being part of the Globelink Group.

This significant event coincided with the Songkran Festival, also known as the “Thai Traditional New Year”, which fell on 13th to 15th of April. The traditional way of celebrating the water festival involves Thai people splashing water on one another as a show of blessings and good wishes.

In conjunction with the Songkran Festival, there was a simple traditional ritual of “pouring scented water” to commemorate the festival on the day after the opening ceremony. It is a way to express respect to the elders by pouring scented water onto their hands during the New Year.

Globelink Thailand
- Acceptance of variations of battery
cargo from Shenzhen
- Globelink West Star
“Sales Come Together” (SCT) :
Season 2 Event
- New Service : Cartagena,
Colombia to San José,
Costa Rica

Country Focus – Globelink Thailand

Globelink (Thailand) Co., Ltd is one of the leading neutral Non-Vessel Operating Common Carrier (NVOCC) operators in Thailand and have the top export in Bangkok PAT terminal under the category of LCL-CFS stuffing. Their NVOCC business encompasses cargo consolidation and door to door/port to port sea freight forwarding services.

They also provide a wide range of sea freight forwarding services including their core business as a NVOCC operator, cargo transshipment, consolidation services for less than container load (LCL) & full container load (FCL) cargo from and to most major ports all over the world.

Globelink (Thailand) Co., Ltd offers total 28 and 24 direct services for export and import respectively, bringing your cargo to every corner of the world

Globelink (Thailand) Co., Ltd also operates the CFS (Container Freight Station) at Bangkok port area and offers services such as:

- Containers haulage / trucking
- Stuffing / unstuffing of container
- Cargo & container photo taking using digital camera
- Documentation clearance
- Cargo re-palletizing, re-packing & labeling

Globelink West Star “Sales Come Together” (SCT) : Season 2 Event

Globelink West Star held their “Sales Come Together” (SCT) Season 2 Event” on 21st February 2019 at Hotel Oberoi, Business Bay, Dubai. The event was formally started with the Welcome Address by Mr. Martin J. Aranha, Managing Director / CEO. A list of fun-filled activities were specially organized to keep the participants fully engaged the entire day.

There was even a Trust Building Game planned in place with the objective to demonstrate the importance of building mutual trust among one another, as well as to ensure the efficacy of communication within the team.

The SCT event concluded with a fantastic function of “Wine – Dine – Dance” where mesmerized ambience with lovely Bollywood tunes and all team members realized that the purpose is not to get a certain place on the floor, but to enjoy each step on the way.

It was a great learning experience as the topics covered during the event were very relevant for all and it was a good platform for knowledge sharing.

Acceptance of variations of battery cargo from Shenzhen

We are very pleased to announce that commencing 4 April 2019, Globelink Shenzhen is able to accept some variations of battery cargo.

Globelink Shenzhen is able to handle single small capacity battery which is less than or equal to 100WH or 20000mah, with independent packaging, complete separation of positive and negative electrodes, no series and parallel connection as well as no external electrode wire.

The product is also required to be protected against external collision within the packing box, with safety isolation to prevent the collision between batteries in the same box.

Final acceptance of battery is still subject to acceptance by carrier and CFS.

Shippers are required to submit the following 4 documents for verification and checking:

- MSDS
- Transport Identification Report
- Goods Pictures
- Transport Packing Pictures
