CWT Globelink Expands its Presence in Asia

It is with great pleasure that CWT Globelink announce the establishment of new offices in the Philippines – Manila and Cebu. Both offices will be fully operational by 1st November 2016.

The Philippines is a consumption driven economy and its consistent economic growth offers tremendous market opportunities. It is therefore an important strategic decision for CWT Globelink to establish direct presence in the Philippines in order to ride the growth and to provide better and more comprehensive services to all our partners in the network.

Globelink NVOCC Phils., Inc. will be led and driven by Ms. Tess Cabral who has been in the freight forwarding industry for twenty five years. Her strong years of experiences in the operations and business development have built her competitiveness and distinctiveness in the consolidation

business. With her guiding values and principle, she has been known to be one of the most trusted businessman in the shipping and freight forwarding industry. Together with her team of capable, experienced and dedicated professionals, they will be able to greatly enhance the development of business in the Philippines and further strengthen Globelink's presence in this region.

Situated in the western Pacific Ocean, the Philippines is a sovereign island country in Southeast Asia and consists of 7,641 islands that are categorized broadly under three main geographical divisions from north to south: Luzon, Visayas, and Mindanao.

PORTS IN THE PHILIPPINES

There are two main ports conveniently located in the heart of Metro Manila. The Manila International Container Terminal, also known as MICP, is operated by ICTSI (International Container Terminal Services, Inc.) while the Manila South Port is operated by ATI (Asian Terminals Inc.). Both ports serve as the main gateway for Philippines' international trade.

To cater and maximize the demand of international trade in the southern and northern areas of the Metro, the Philippine government has opened additional ports namely the Batangas Port and Subic Free Port. As trade is not limited to international market, there are around 20 additional ports scattered throughout the island to cater to the growing demand for domestic shipments.

SERVICES OF GLOBELINK PHILIPPINES

Excellence in LCL Export and Import Consolidation:

Leveraging on our strong network, we already operate comprehensive services in and out of Philippines. We currently operate 10 direct services into Philippines and 7 export services out from Philippines.

Export wise, we operate 7 direct services and provide niche services for interisland connections from Manila to Luzon, Visayas, and Mindanao. Our

services will be significantly enhanced and new services will be added with the set-up of Globelink offices.

Accuracy in Brokerage Services

Fast and cost effectiveness in handling brokerage service is one of the prime services of Globelink Philippines. It provides efficient and trouble-free customs clearance for its customers' cargo - by land, sea or air.

Reliable Hauling/Trucking Services

Time and safety of the cargoes are very significant to Globelink Philippines. Hence, the company is highly equipped with a fleet of delivery trucks and vans to ensure that customers will receive their cargoes at its best condition and at the committed date and time.

Skilled in Handling Special Cargoes

Philippines is now being named as the "Tiger Economy of Asia". Infrastructure projects are abundant in the country which demand strong importation and exportation of special cargoes, out-of-gauge cargoes, heavy equipment, vehicles and other breakbulk shipment. Globelink Philippines is one step ahead of the competition as it employed expert individuals and sales team known in the market in handling special cargoes.

Secured Warehouse

The company is utilizing a customs bonded warehouse located near the two main ports in Manila (MICP and South port). This strategically located warehouse is equipped with 24/7 CCTV cameras to ensure tight security and the safety of the cargoes which are being stripped and loaded. The location is highly economical for all customers of Globelink Philippines as it is in the heart of Manila and has an easy access to the port.

With the opening of Globelink Philippines, CWT Globelink Group now has a presence of more than 100 offices in 29 countries including Australia, Bulgaria, China, Costa Rica, Croatia, Egypt, Guatemala, Hong Kong, India, Indonesia, Korea, Kuwait, Malaysia, Morocco, Pakistan, Portugal, Qatar, Romania, Slovenia, Spain, Sri Lanka, Taiwan, Thailand, Turkey, U.A.E, United Kingdom and Vietnam as well as agents covering all major ports of the world.
