## Highlights

### Dangerous Goods GlobeLink Competitive Edge

**With focus on Singapore, Shanghai & Shenzhen**

GlobeLink is one of the market leader in LCL consolidation services. Part of the leadership includes handling of Dangerous Goods (DG) cargo in addition to general cargo.

DG Cargo with its sensitive nature, if not properly controlled, presents a potential hazard to human health and safety, infrastructure and/ or their means of transport.

Responding to the nature of this cargo type, our Group leverages on our current expertise to ensure a seamless CFS to CFS handling of DG cargo which gives us a competitive edge in this market.

There are 9 classes of DG cargo, and in general we can accept these 3 classes for LCL:

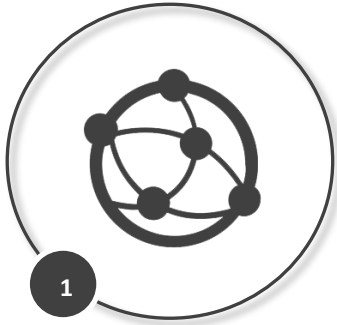

- Class 3: Flammable Liquids
- Class 8: Corrosives
- Class 9: Miscellaneous Dangerous Goods

**GlobeLink,  
Linking you globally.**

GlobeLink Singapore's strengths in DG handling can be summarized into 3 points:

### **Comprehensive Service Coverage**

We are the trusted DG Service Provider for PSA DG 2 & 3 Cargo. Singapore as our main DG hub for example has the most comprehensive DG weekly sailing to worldwide:

- Export: Direct Sailings to 90 PODs
- Import: Direct Sailings from 52 POLs

### **Own CFS and Quick Response Time**

Our very own CFS in Keppel Distripark (KD) located in Singapore is able to handle PSA Group 3 cargo. We are also coordinating closely with PSA J5 DG warehouse to handle PSA Group 2 cargo. To top it off, we pride ourselves on quick response time for DG enquiries in order to secure these potential enquiries and translate them into sales.

### **Proper Compliance and Declaration**

We have Dangerous Goods Regulations (DGR) trained personnel at CFS to provide proficient services in handling DG shipments. This include compliance to IMO IMDG Code and proper declaration with shipping lines and relevant port authorities to ensure that DG cargo reaches destination safely.

## **SINGAPORE**

GlobeLink Singapore is currently running a promotion for DG cargo to these 16 destinations:

Auckland	Bangkok	Colombo	Haiphong
Ho Chi Minh	Hong Kong	Jakarta	Karachi
Keelung	Laem Chabang	Manila North	Melbourne
Nhava Sheva	Port Klang	Shanghai	Sydney

For more information, please contact our Singapore office at  
Tel: +65 6225 1833 or email: [DGenquiry@cwtglobeLink.com.sg](mailto:DGenquiry@cwtglobeLink.com.sg).

**GlobeLink,  
Linking you globally.**

Currently in China, we can accept both DG imports and exports in Shanghai. As Shanghai increasingly becomes the important gateway for LCL DG cargo, GlobeLink Shanghai is in prime position to serve your DG needs.

GlobeLink is the only established consolidator to have our own export DG approved CFS in Shanghai. This facility follows and meets the DG requirement set out by the government authority, who impose strict regulations on proper handling and storage of DG cargo. Having our own export DG facility also puts our Shanghai office in better control of your DG cargo.

The LCL DG Class that GlobeLink Shanghai can accept are as follows:

Imports DG – Class 3, 8 & 9

Exports DG – Class 3, 4.1, 6.1, 8 & 9

## SHANGHAI

GlobeLink Shanghai is currently having DG export promotions to these following PODs:

Singapore	Barcelona	Busan
Felixstowe	Koper	Nhava Sheva

For more information, please contact Mr Zhang Heng at Tel: +86 21 6337 3006 (ext 224) or email: [cs8@globelinksha.com.cn](mailto:cs8@globelinksha.com.cn).

Shenzhen serves as a convenient gateway port for Guangdong province, as part of the larger Pearl River Delta region. One of the key commodity in the Guangdong region is battery, as well as products with battery.

We are pleased to announce direct service accepting battery cargo from Shenzhen to Singapore. This is on top of Globelink Shenzhen's traditional routing for battery shipments via Hong Kong, with Singapore now also acting as a hub for battery & battery related cargo.

Batteries generally falls under Class 9 with IMO regulation, and are widely accepted to most PODs via Singapore. Singapore continues to serve as an efficient and DG - friendly hub for battery shipments from all over the world, including from Shenzhen.

## SHENZHEN

**Globelink Shenzhen is the only consolidator offering this direct Singapore service accepting battery cargo.**

**For more information, please contact Ms Claty Yuan at Tel: +86 755 2519 4400 (ext 861) or email: [claty@cwtglobelink-sz.com](mailto:claty@cwtglobelink-sz.com).**

## PORTUGAL

GlobeLink Portugal, was constituted in May 2010. With a team of employees with recognized merits and mentality of work, GlobeLink Portugal is geared towards improved service delivery to customers. We currently have 2 offices in Portugal.

### Portugal GlobeLink offices

- Leixoes/Porto
- Lisbon

Lisbon, the capital and biggest city in Portugal, is the economic and financial center of Portugal. The city and its port lie in the Western Iberian Peninsula, between the River Tagus and the Atlantic Ocean. A natural port and located strategically on the world's major trade routes, the Port of Lisbon plays an important role in linking the Mediterranean region with North and Central Europe.

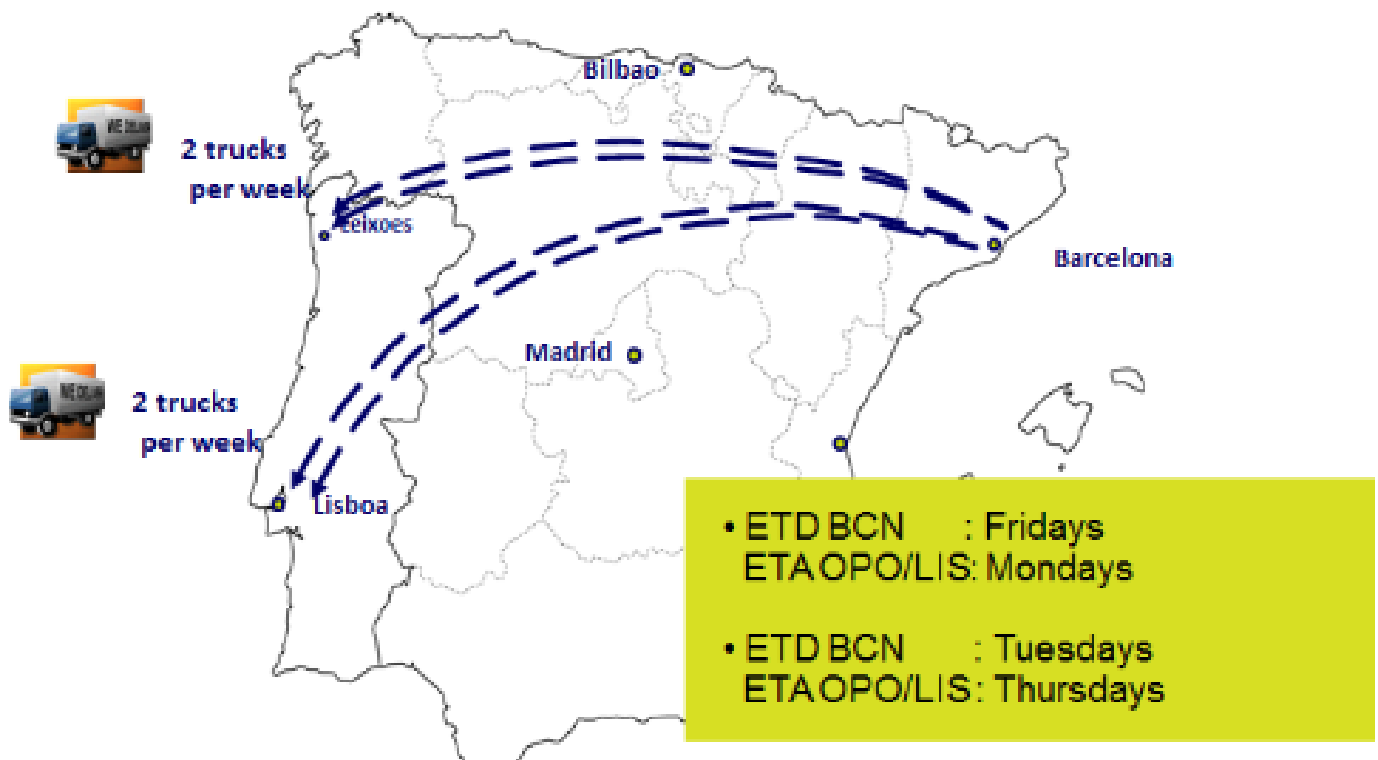

GlobeLink Portugal offers 13 direct export consolidation to destinations such as New York, Singapore, Hong Kong, Dubai, Santos, Luanda, Maputo and Shanghai as well as 5 direct import consolidation services from Hong Kong, Shanghai, Ningbo, Singapore, & Nhava Sheva.

Additionally, GlobeLink Portugal owns two CFS -- a 5,000 sqm CFS in Porto and a 6,000 sqm CFS in Lisbon. To efficiently handle inbound and outbound cargoes, our CFS includes special facilities which include 1.5 ton forklifts and 3-ton weighing scales that meets requirements for SOLAS VGM.

Lisbon is one of the most important transshipment hubs for the African and South American markets. GlobeLink Portugal also maintain regular LTL cargo services by trucks, linking main cargo hubs and facilitating expedient transshipment as illustrated below:

- Twice weekly trucks linking Porto and Lisbon in Portugal with Barcelona and Valencia

This comprehensive trade lane coverage, operated at Barcelona and Valencia by GlobeLink Uniexco, serves as efficient and competitive gateways for both import and export traffic of Portugal.
